Agenda

- Introduction
- Before you Get Started
- Gallery Settings
- Creating a New Site
- Adding Objects to Pages
- Adding Video to a Site
- Setting Site Properties
- Previewing & Publishing a Site

Introduction to Gallery

What is Gallery?

- Brightcove Gallery enables marketers to create engaging video portal experiences with best practices for SEO, responsive design, social sharing and conversion all in a single solution that can be implemented and updated in just minutes
- Integrates closely with Video Cloud
- All of the pages have a unique, addressable URL, and include video site maps and Schema.org tags
- No technical resources required
- Out-of-the-box templates
- Responsive design looks great on any device
- Social sharing features to drive more traffic

Navigating the Gallery Module

The screenshot shows the Brightcove Video Cloud interface. At the top, there's a header with the Brightcove Video Cloud logo, a 'GALLERY' dropdown menu, a support link, an admin dropdown, and a user profile for 'Bob Bailey'. Below the header, a navigation bar has three tabs: 'My Sites' (which is underlined in orange), 'Settings', and 'Reports'. The main content area is titled 'My Sites' and contains a sub-header 'Review and refine your Brightcove Gallery video sites — or easily add a new one.' To the right of this text is a green button labeled 'Create a Site'. Above the 'Create a Site' button are three filter buttons: 'All', 'Published', and 'Unpublished'.

My Sites

Review and refine your Brightcove Gallery video sites — or easily add a new one.

Create a Site

The screenshot shows a Brightcove video site titled 'Animal World Videos'. The URL is <http://site-751380.bcvp0rtal.com>. The site features a grid of video thumbnails. Below the grid, there's a 'Promote' section, a 'Published' date of 7/8/16 1:57 PM, and a welcome message: 'Welcome to the Animal World Video Portal'. At the bottom are two buttons: 'Preview' and 'Edit'.

Before You Get Started

Before You Get Started

- We recommend doing a few things before you get started using Gallery:
 - Create dedicated player(s) for your Gallery sites
 - Organize your video content in the Media module
 - Determine which Gallery template to use

Creating a Dedicated Player(s)

- You can set a default player at the account level to be used by all sites or override the account level player and use a different player for each site
- Having a dedicated player makes it easier to track Gallery activity in analytics
- Created using Players module in Video Cloud Studio

Organizing Your Video Content

- Videos on Gallery sites are organized into Collections
- Collections comprised of:
 - Video Cloud videos
 - YouTube videos
- Think about how your content will be organized on your site
 - Are your videos tagged properly?
 - How are the videos tagged?
 - Create playlists to organize content

Determining which Gallery template to use

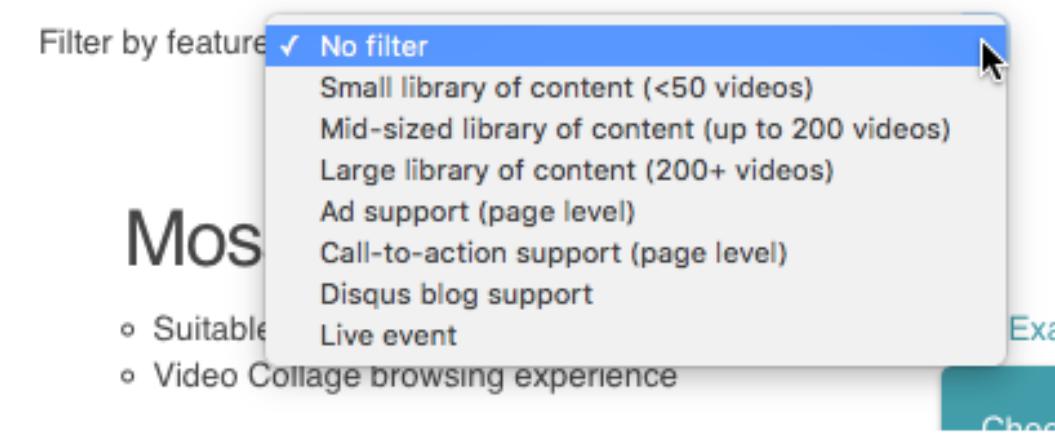

- All Gallery sites are based upon a template
- Gallery provides a set of templates “out of the box”
- Templates control overall look and feel of the site
- Use the documentation and look at the samples

Overview of Brightcove Gallery Templates

This topic provides a reference to all of the Brightcove Gallery site templates that are available.

When you create a new site in Gallery, you will choose a site template which controls the overall look and feel of your site. The template chooser suggests the best template(s) to use based upon your site requirements.

Note: After you select a site template, the template cannot be changed.

The following site templates are available.

- » Mosaic
- » Classic
- » Marquee
- » Publisher
- » Tile
- » Salon
- » Discovery
- » Live Event
- » Showcase
- » Chronicle

Gallery Settings

Configuring Gallery Settings

- Gallery must be configured with your API read token and a default player

The screenshot shows the Brightcove Video Cloud interface. At the top, there's a navigation bar with the Brightcove Video Cloud logo, a 'GALLERY' dropdown, a support link, an admin dropdown, and a user profile for 'Bob Bailey'. Below the navigation is a secondary menu with 'My Sites', 'Settings' (which is highlighted), and 'Reports'. On the left, a sidebar lists 'API Keys', 'Players', 'YouTube', 'Custom Domains & SSL', 'Access Control Profiles', 'Custom HTML', and 'User Preferences'. The main content area is titled 'API Keys' and contains a sub-section for 'API read token'. It explains that tokens can be found in 'Account Settings' and provides a placeholder text box containing a sample token: 'Li3GNopkHi0Cay1JjQnsi2j82GQb5zdtc57Ou2NgTiBzLEzCQW3zDQ..'. A 'Save' button is located at the bottom of this section.

Configuring API Read Token

- Gallery requires your Video Cloud API read token so it can access the videos and playlists in your account
- To configure the API read token:
 - Click the account settings link or go to Account Settings > API Management
 - Copy the read token with URL Access

The screenshot shows the Brightcove Account Settings interface. On the left, there's a sidebar with options like Publishing Settings, Distribution Settings, Analytics, Media Settings, Transcode Settings, Video Fields, and API Management (which is highlighted). The main content area has a header "Account Settings" with a gear icon. Below it, the "API Management" section is selected. It displays a table of tokens:

Token	Type (?)	Options (?)	Manage
Li3GNopkHi3yX2LHy92hxyEIopIct40LGyvtv8CumP4qiscou3KRMQ...	read		[Icons]
Li3GNopkHi0Cay1JjQnsi2j82GQb5zdtc57Ou2NgTiBzLEzCQW3zDQ...	read	URL Access	[Icons]
Li3GNopkHi0Cay1JjQnsi2j82GQb5zdtWcrtax6mfoUhyqDdTw2y-A...	write		[Icons]

A green arrow points from the "API read token" text below to the second token in the list. A red arrow points from the "URL Access" option in the second row to the "URL Access" checkbox in the "Options" column, which is highlighted with a red square.

API read token
You can find your Video Cloud read token in your [account settings](#). Read more about Video Cloud media API tokens [here](#).

Li3GNopkHi0Cay1JjQnsi2j82GQb5zdtc57Ou2NgTiBzLEzCQW3zDQ..

Note: Make sure you use the read token with URL Access.

Configuring the Account Wide Default Player

- Select an Account Wide Default Player
- This player will be used on all sites unless a site-level player is selected

The screenshot shows the Brightcove Video Cloud interface. At the top, there's a navigation bar with the Brightcove Video Cloud logo, a GALLERY dropdown, SUPPORT, ADMIN, and BRIGHTCOVE LEA... (Bob Bailey). Below the navigation is a main menu with My Sites, Settings (which is selected), and Reports. On the left, a sidebar lists API Keys, Players (which is selected), YouTube, Custom Domains & SSL, Access Control Profiles, Custom HTML, and User Preferences. The main content area is titled 'Players' and displays a message: 'Please select a player' and 'Selected player: ★ Gallery Player'. A list of available players is shown, each with a star icon and a link:

- New BC Player for Gallery
41b80cc7-e06d-4182-87fc-78f93cffcc29
- Live Gallery Player
4c025b67-5f74-4136-b774-e47a8e5a93b3
- Gallery Player**
Byl8ViLe
- Brightcove Default Player
default
- Ad Player

At the bottom of the list, it says '★ - New Brightcove Player'. There's a 'Save' button at the very bottom.

Configuring Other Settings

- **YouTube** - Create collections with videos from a YouTube account
- **Custom Domains & SSL** - Host a site on a custom domain
- **Access Control Profiles** - Control access to a Gallery site
- **Custom HTML** - Provides the ability to customize your Gallery site so it more closely matches the look and feel of your corporate sites
- **User Preferences** - Set user preferences

Creating a New Site

Creating a New Site

- To create a new site, click **Create a Site**

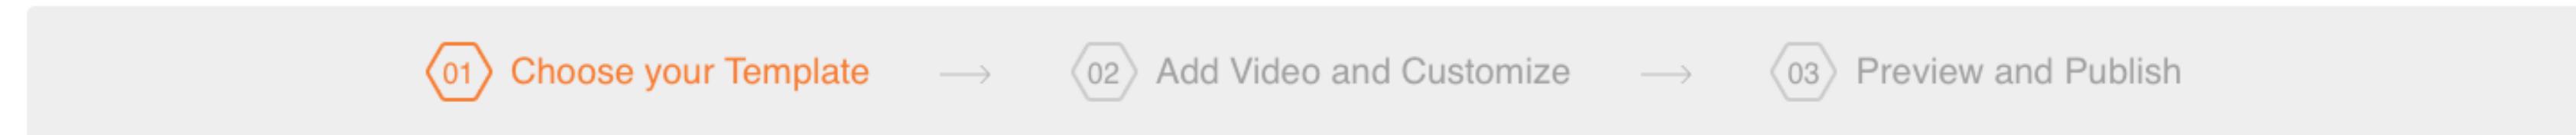

The screenshot shows the Brightcove Video Cloud interface. At the top, there's a navigation bar with the Brightcove logo, a 'GALLERY' dropdown, and user account information ('SUPPORT', 'ADMIN', 'BRIGHTCOVE LEA...', 'Bob Bailey'). Below the navigation is a dark header with tabs: 'My Sites' (which is underlined), 'Settings', and 'Reports'. Underneath this, there's a search bar and a filter section with 'All', 'Published', and 'Unpublished' buttons. A large green 'Create a Site' button is prominently displayed. The main content area is titled 'My Sites' and contains four site cards, each showing a thumbnail, the site name, its URL, and two buttons: 'Preview' and 'Edit'.

Site Name	URL	Action Buttons
Animal World Video Portal	http://site-495924.bcvp0rtal.com	Preview Edit
Animal World Videos	http://site-92478.bcvp0rtal.com	Preview Edit
Animal World Videos	http://site-230367.bcvp0rtal.com	Preview Edit
Animal World Videos	http://site-7125.bcvp0rtal.com	Preview Edit

Creating a New Site

- Select a template

Choose Your Template

The best content deserves the best presentation, and with Brightcove Gallery, it's all within reach. Choose from our expressive, out-of-the-box templates, combined with our suite of custom styling options, to seamlessly match your brand and get your content front and center, optimized for every screen and mobile device—no technical expertise required.

Choose your Template [No filter](#)

Discovery

- Suitable for up to 200 videos
- Play sequential videos seamlessly

[View Live Example](#) [Choose](#)

Showcase

- Optimized for < 50 videos
- Good for microsites
- Call-to-action and ad support

[View Live Example](#) [Choose](#)

Chronicle

- Optimized for < 50 videos
- Ideal for sites where video sequence is important
- Call-to-action and ad support

[View Live Example](#) [Choose](#)

Gallery Site Editor

- Used to add videos and customize the site

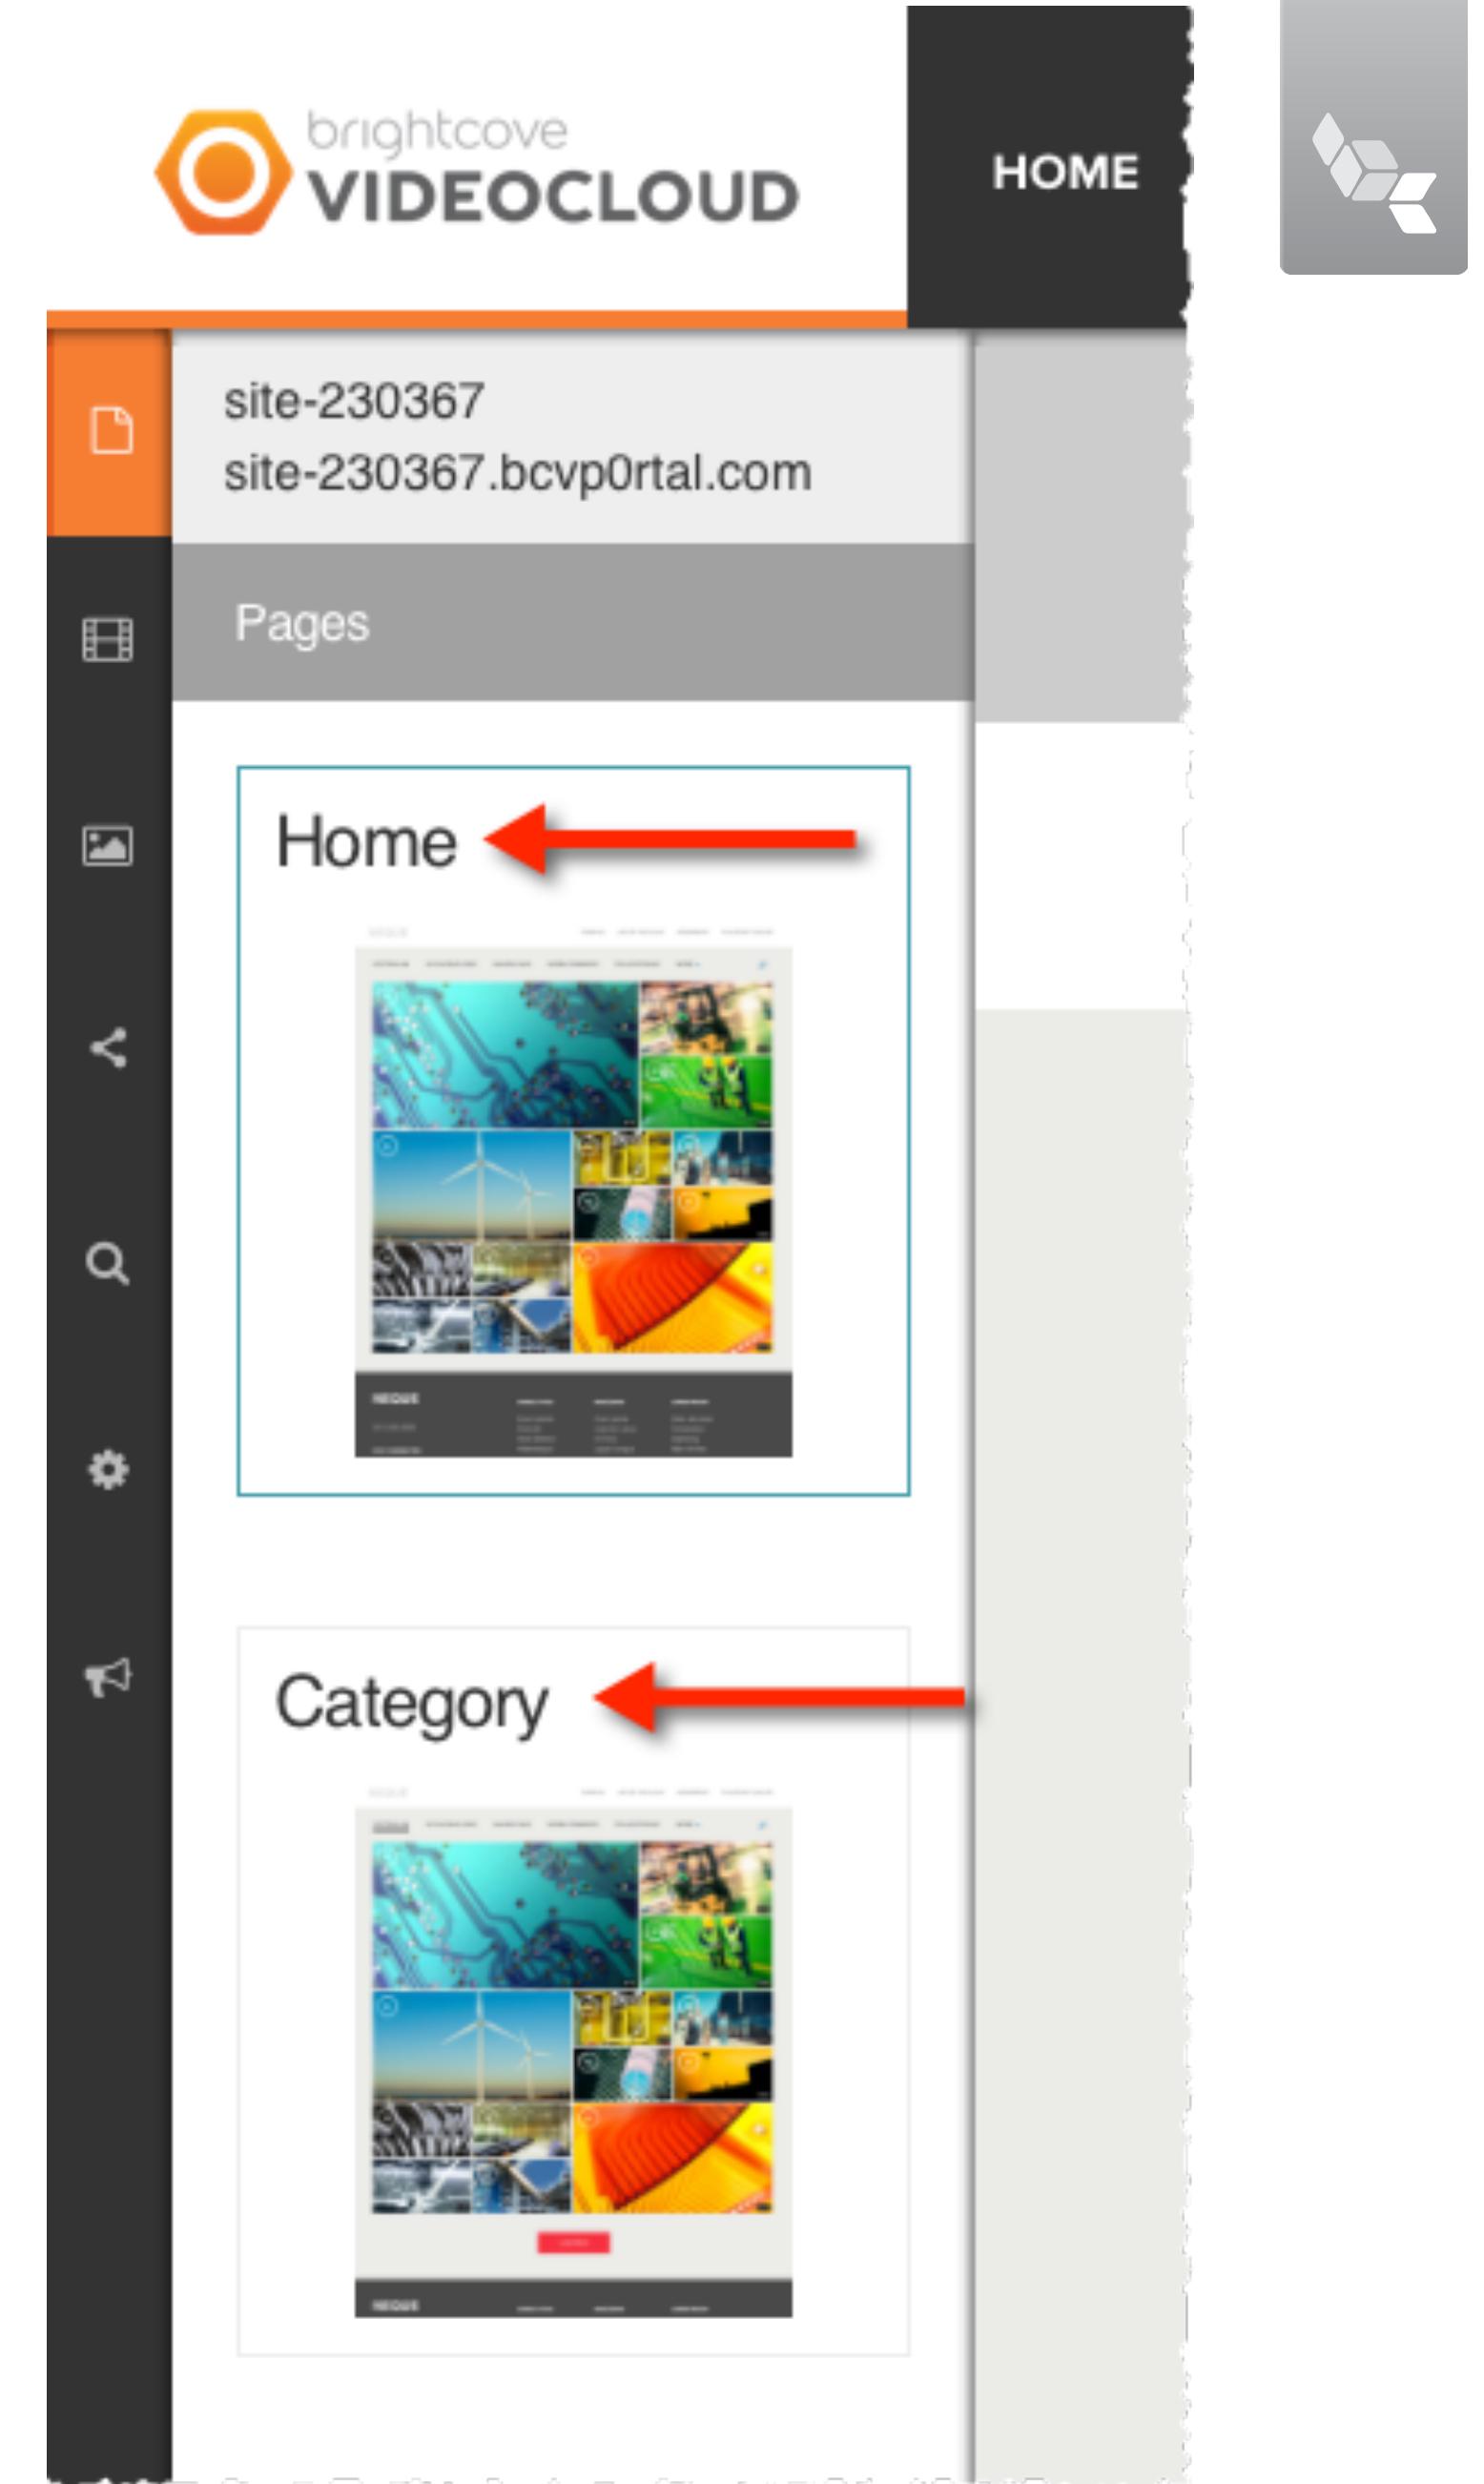

Adding Objects to Pages

Page Navigation

- Based upon the template that is selected, a set of pages templates will be available
- Click on the page thumbnail to view/edit the page contents

Editing the Player Layout

- Some page templates provide the ability to change the player layout
- Click **Change Layout** and select a new layout

Editing the Page Content

- Placeholders on the page indicate where images/text can be added 
- To add content, click a placeholder

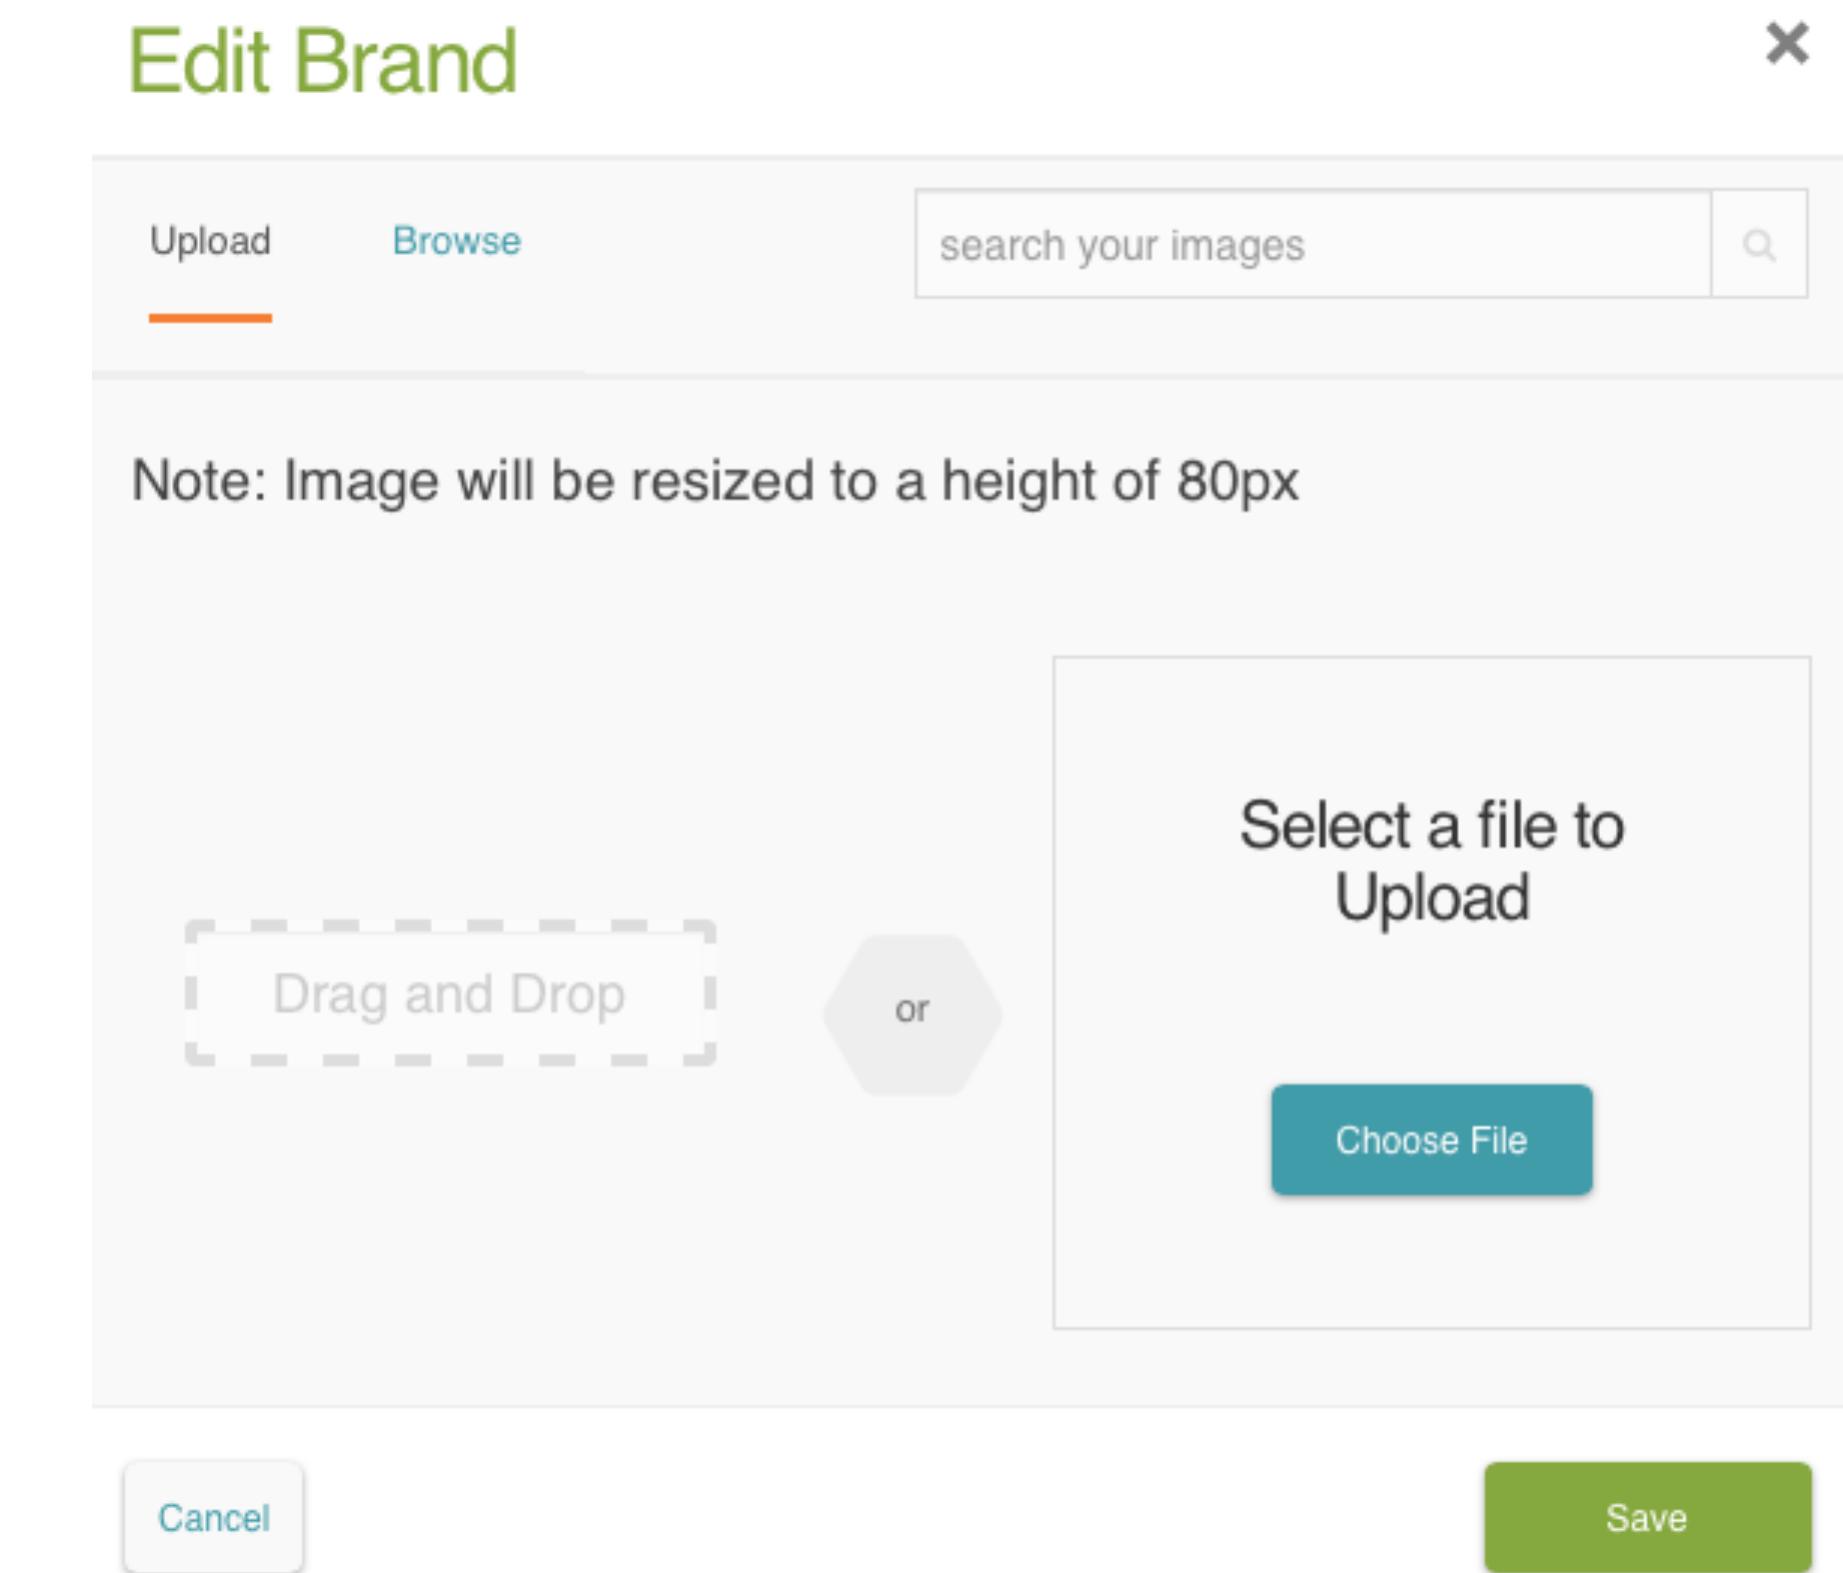

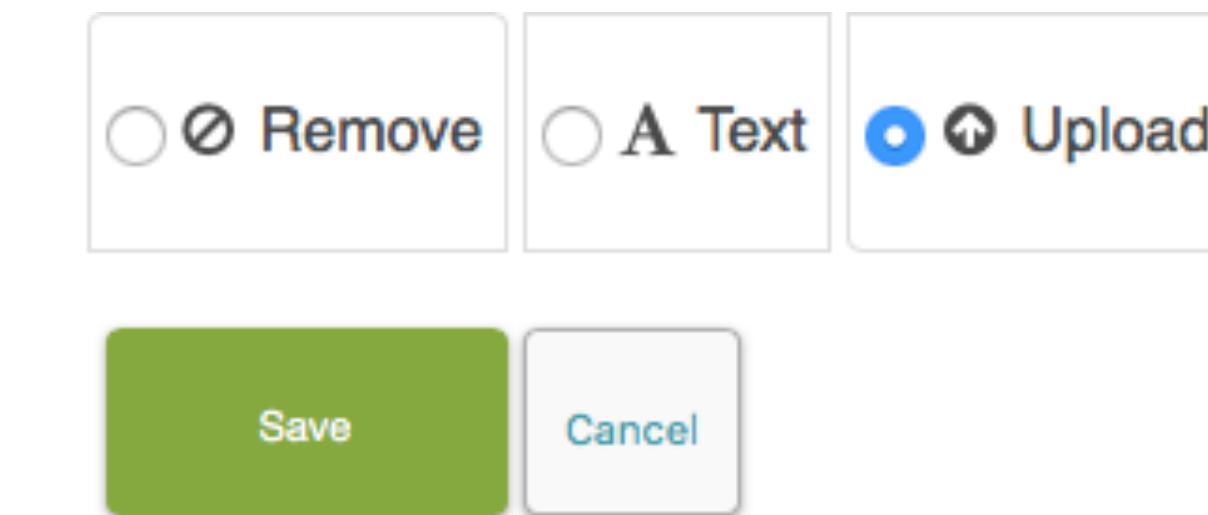

The screenshot shows a page editor interface with several content sections:

- Banner CTA/Ad**: Placeholder labeled "(none)".
- SITE NAME OR LOGO**: Placeholder with a pencil icon.
- No videos to display**: Placeholder for video content.
- +Add Videos**: Button to add videos.
- Video Grid CTA/Ad**: Placeholder labeled "(none)".
- Footer CTA/Ad**: Placeholder labeled "(none)".
- [YOUR BRAND]**: Placeholder for the site's brand name.
- PLACEHOLDER**: Three empty placeholder slots for footer links.
- LINK**: Three empty placeholder slots for footer links.
- CONTACT**: Placeholder for contact information.
- Text**: Placeholder for text content.
- © [Your Brand] All Rights Reserved**: Copyright notice.

Adding an Image

- Click a placeholder
- Select **Upload** and then **Save** to add image placeholder
- Click **+Add Photo** link to browse and select an image

Adding Text

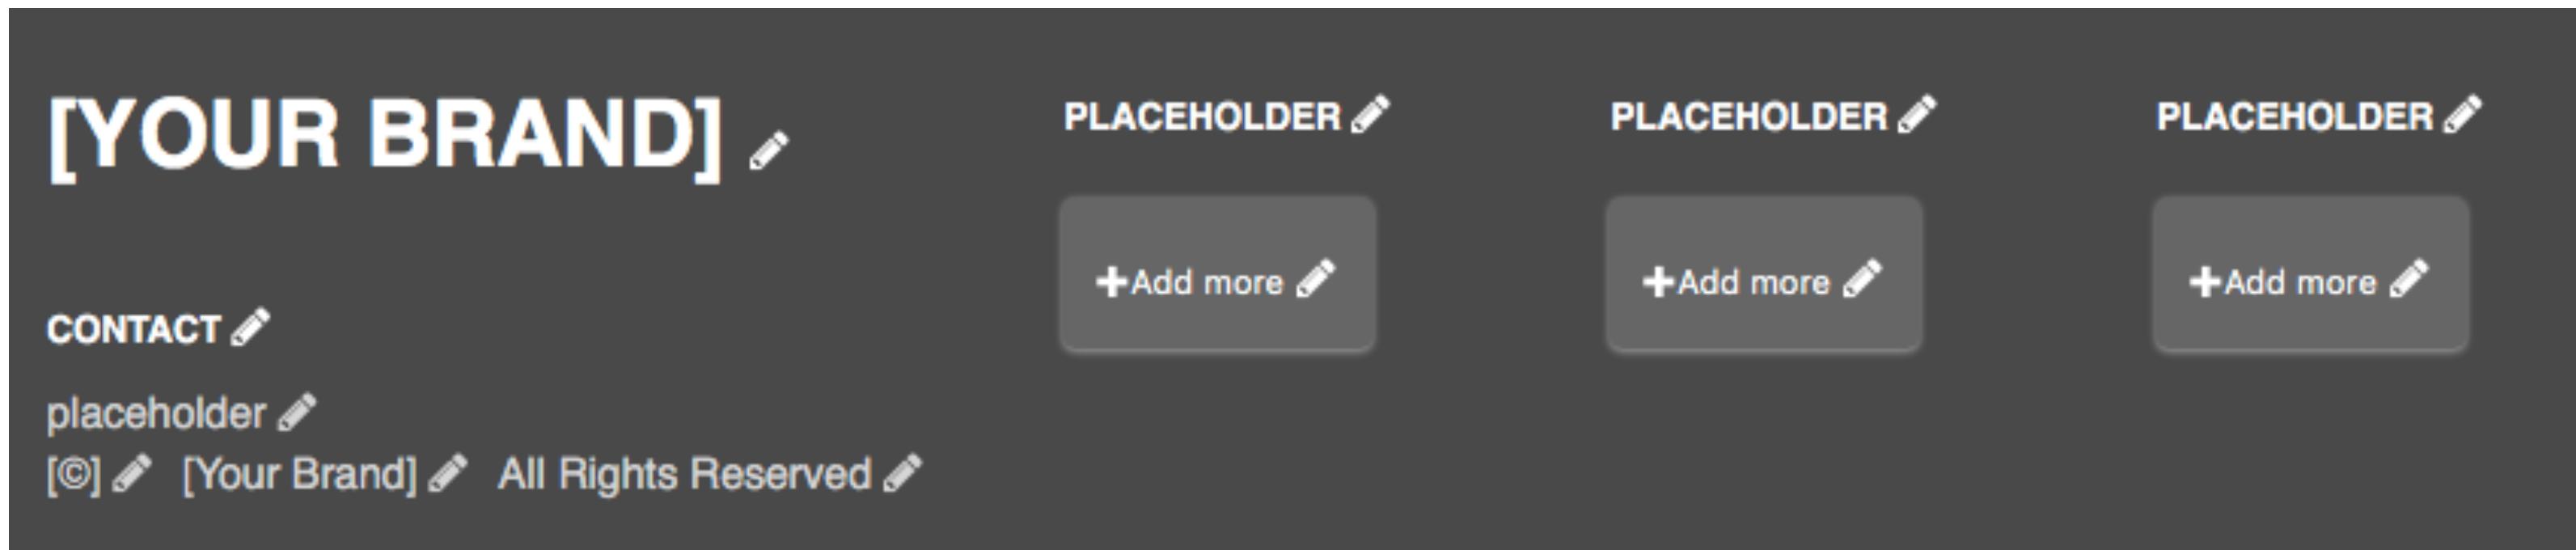

- Changes made to the page will appear real-time

The screenshot shows the Brightcove Video Cloud interface. At the top, there's a navigation bar with the Brightcove logo, a 'GALLERY' dropdown, 'SUPPORT' and 'ADMIN' links, and a user profile for 'Bob Bailey'. Below the navigation is a main content area titled 'Back to My Sites' and 'Animal World Videos'. On the left, a sidebar lists 'Pages' with a preview of the 'Home' page, which features a collage of video thumbnails. The main content area displays a large banner with the text 'Animal World Video Showcase' in blue, accompanied by a 'MORE' button and a '+ Add Photo' button. The overall interface is dark-themed with orange and white highlights.

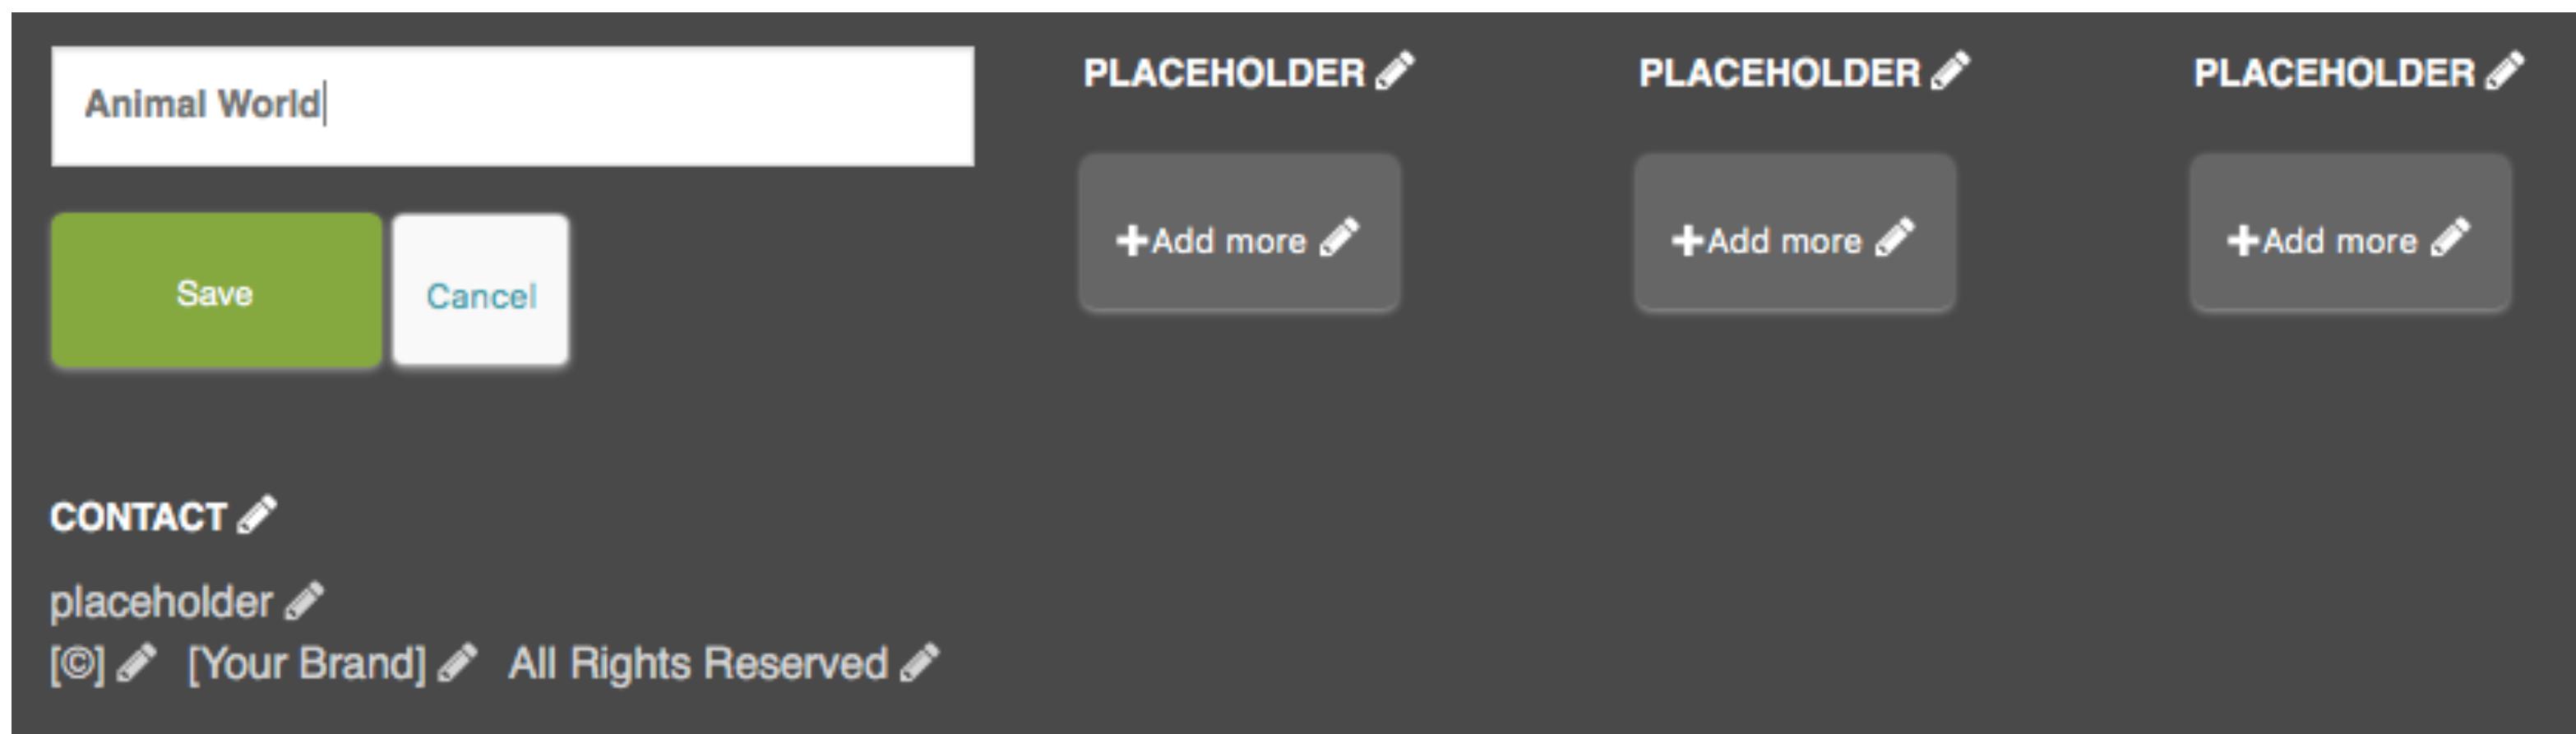

Adding Text

- Click a text placeholder

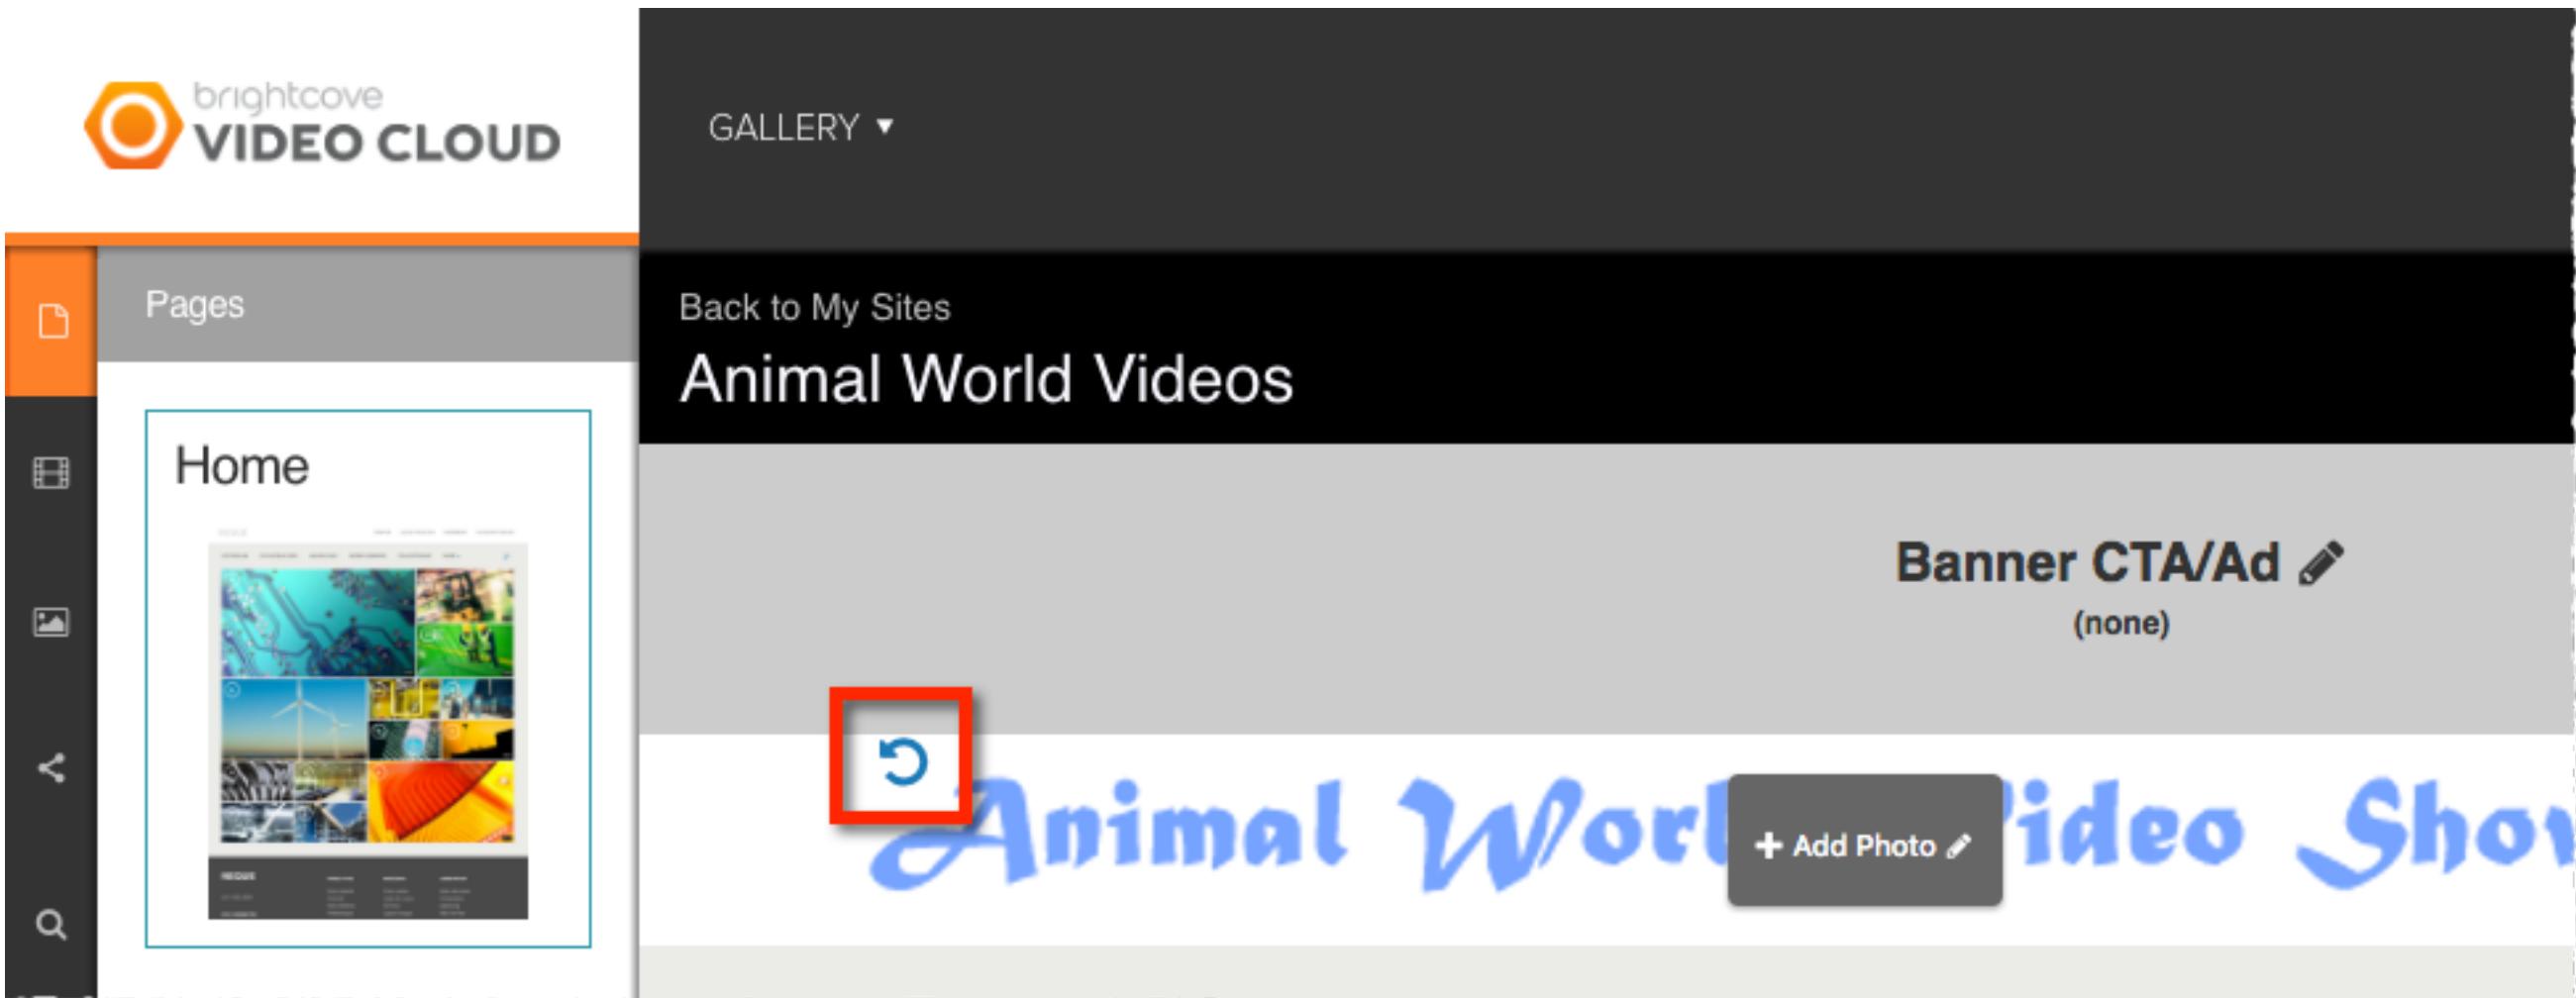

- Enter the text

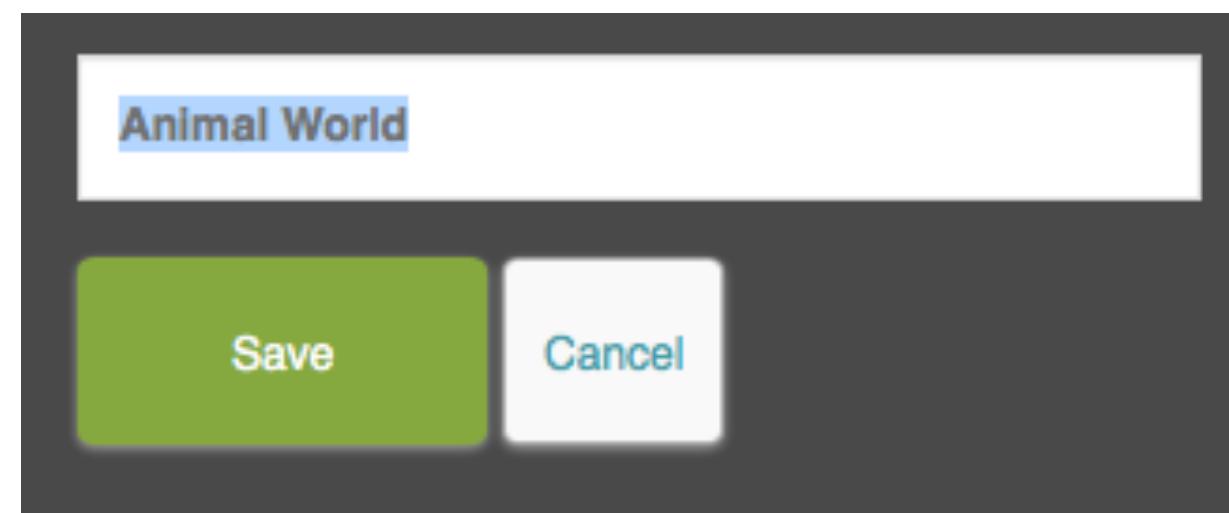

Deleting Objects

- Click chasing arrows to remove an image

- Clear text and then Save

Adding Video to a Site

Adding Video to a Site

- Click the **Videos** icon
- Videos are organized into collections
- Video Cloud Videos & YouTube videos are supported

The screenshot shows the Brightcove Video Cloud interface. On the left, there's a sidebar with icons for Home, Site Edit, GALLERY, SUPPORT, ADMIN, and Bob Bailey. The main area is titled "Manage Collections" with a sub-section "COLLECTIONS". It features a "Collection Name" input field with a blue border and a "Add New Collection" button. To the right, a "MARQUEE HOME LAYOUT" is displayed, consisting of a sidebar labeled "SIDEBAR" with "All Collections" and a main content area labeled "Collection 1" which contains the text "First Video of Collection 1".

Creating a Collection

- Enter a name for the collection
- Click collection name

Creating a Collection

- Choose collection source
 - Video Cloud
 - YouTube
- Choose collection criteria
 - Custom - Videos added to the collection based upon tags, search terms or custom fields
 - Playlist - Videos added to collection based upon a playlist

Edit Collection: Birds

Change Collection
Birds

Collection will appear in the top navigation and will be the homepage collection.

Using a Playlist Video Assignment

- Select **Playlist**
 - List of playlists in your Video Cloud account will display
- Select a Playlist to use
 - Videos in that playlist will display

The screenshot shows the 'Find Videos' interface in Brightcove. On the left, under 'Parameters', the 'Collection Source' is set to 'Video Cloud' and 'Choose Criteria' is set to 'Playlist'. A red box highlights the 'Playlist' radio button. Below this, a dropdown menu shows 'Birds' selected, with 'Animals' as an option. To the right, a 'Video Collection' panel displays three videos: 'Peacock' (5027713868001), 'Chickadee' (4726694420001), and 'Woodpecker' (4726690919001). A red box highlights the entire 'Video Collection' area. At the bottom of the interface are navigation arrows.

Video	Name	ID
	Peacock	5027713868001
	Chickadee	4726694420001
	Woodpecker	4726690919001

Using a Custom Video Assignment

- Select **Custom**
- Select videos to include/exclude
- Enter keywords
- (Optional) Order videos

FIND VIDEOS

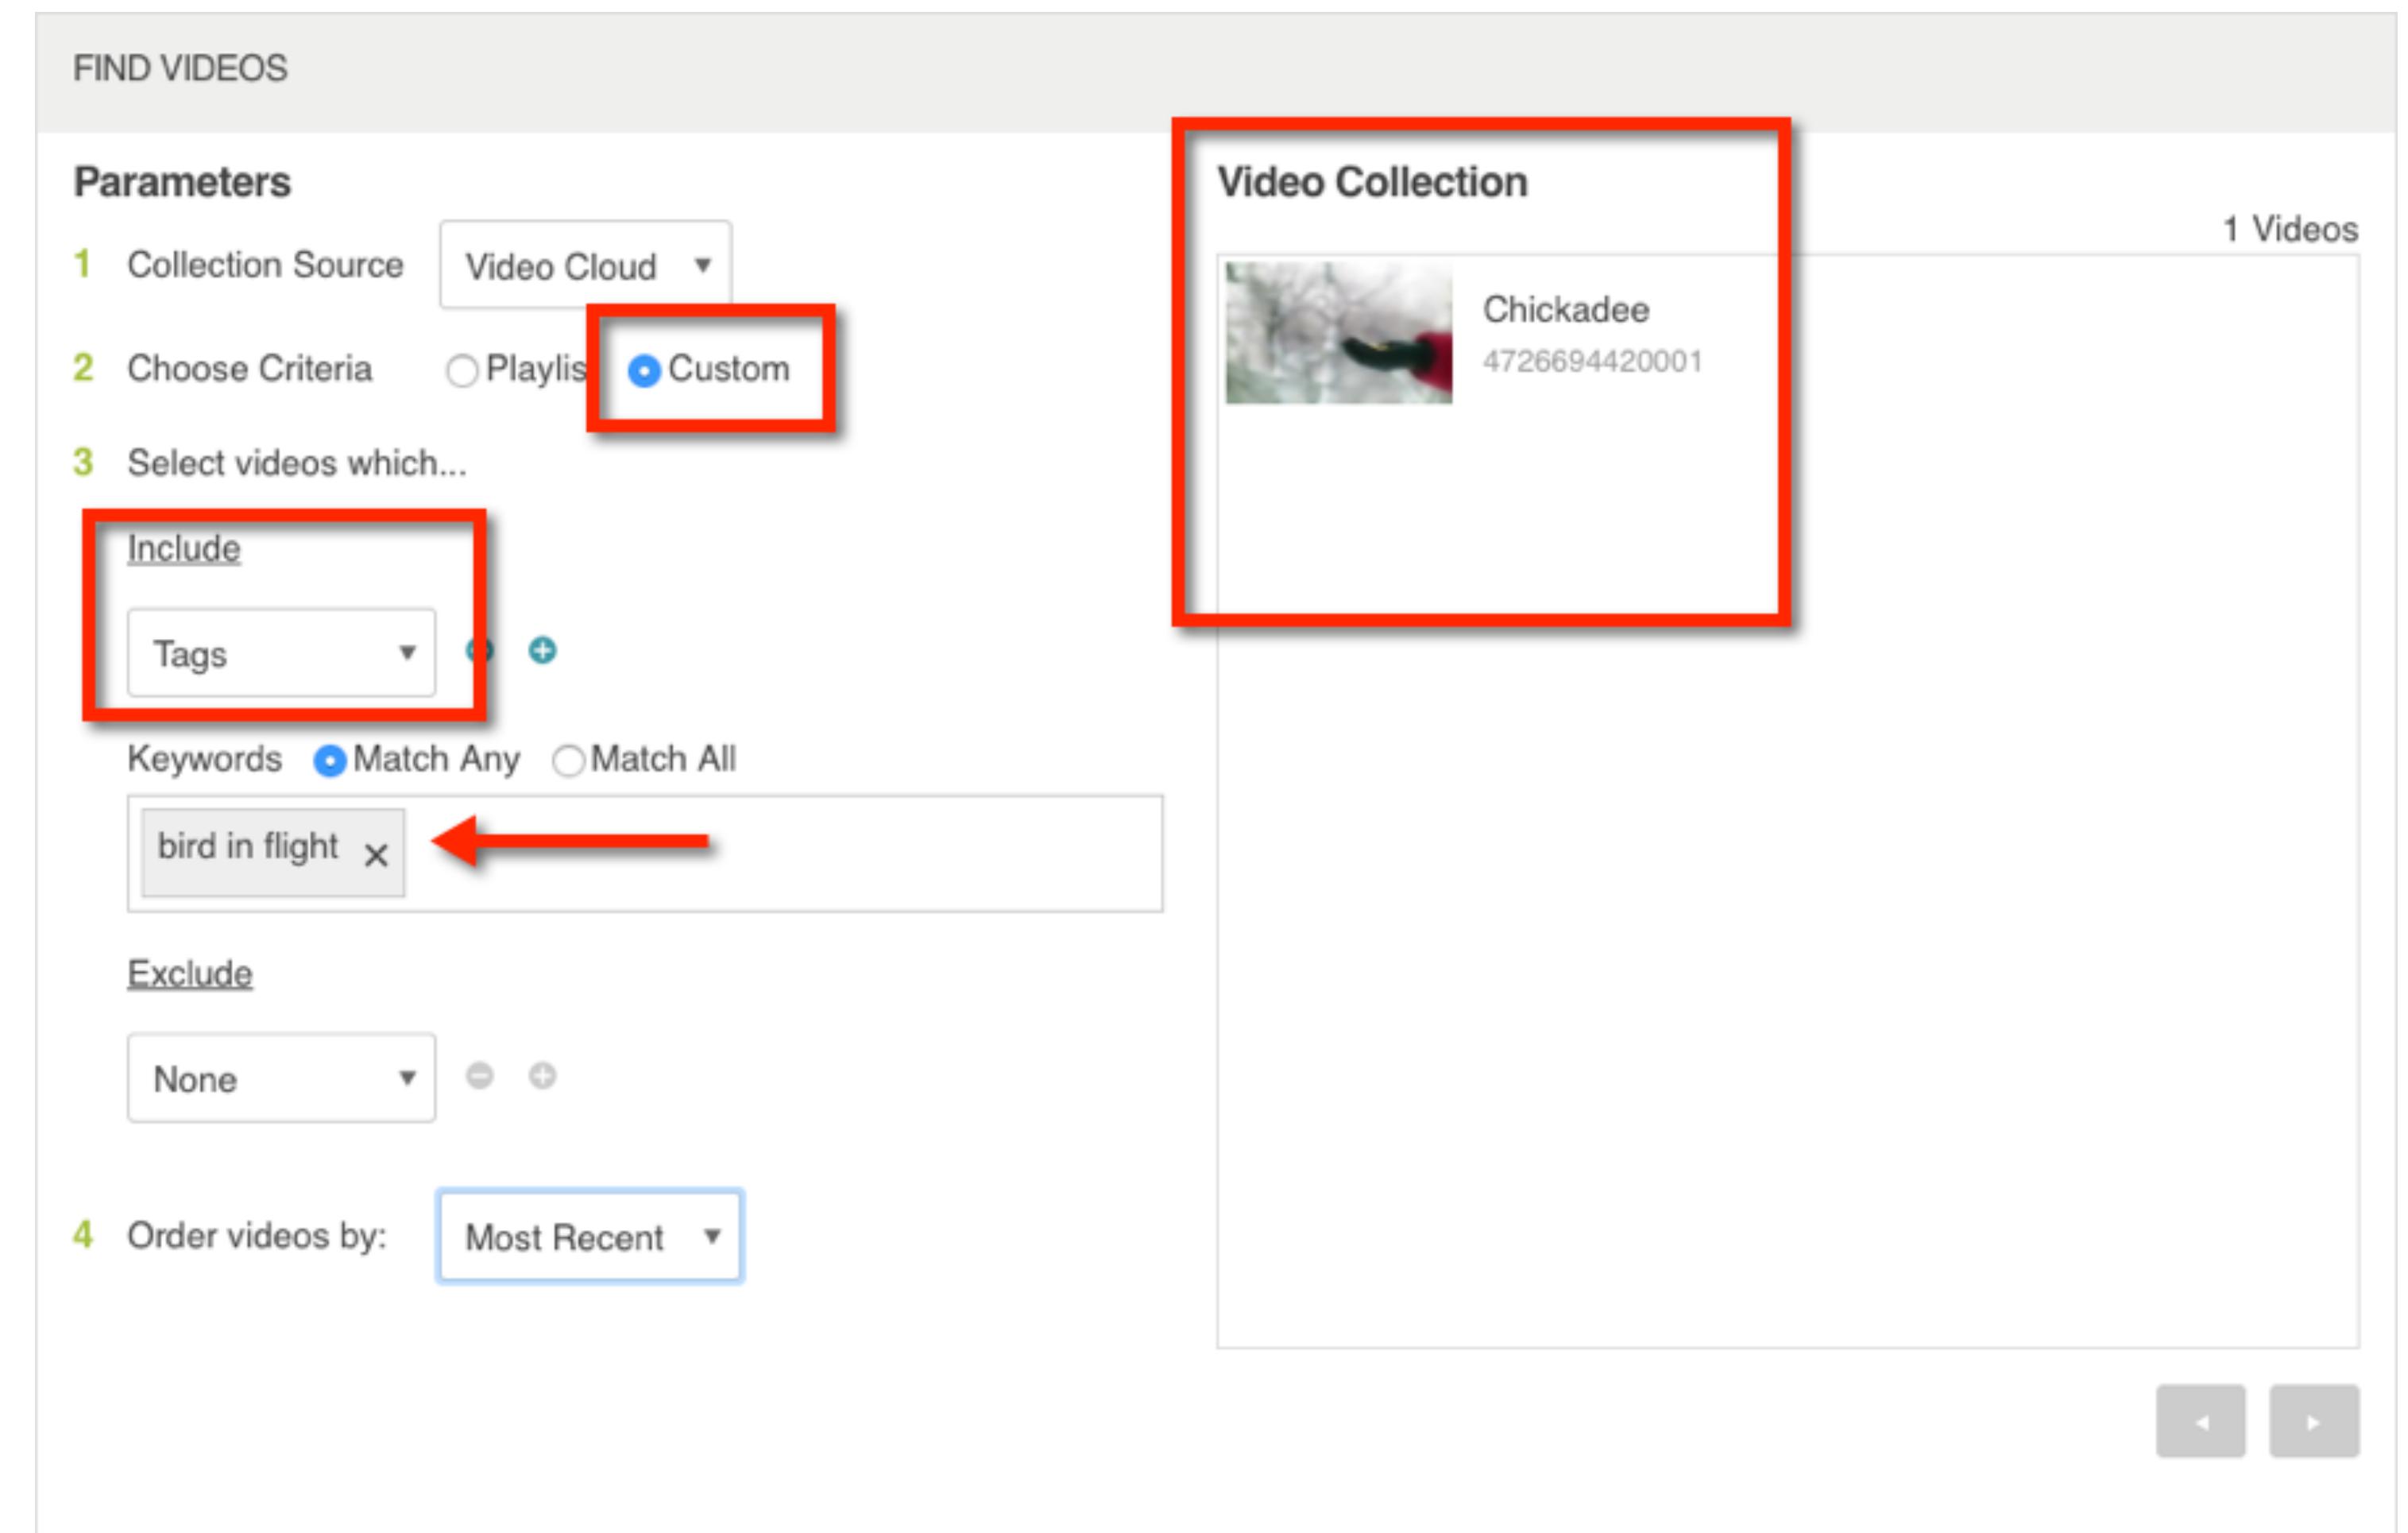

Parameters
