- Previewing & Publishing a Site
- Gallery Reports

Introduction to Gallery

What is Gallery?

- Brightcove Gallery enables marketers to create engaging video portal experiences with best practices for SEO, responsive design, social sharing and conversion all in a single solution that can be implemented and updated in just minutes
- Integrates closely with Video Cloud
- All of the pages have a unique, addressable URL, and include video site maps and Schema.org tags
- No technical resources required
- Out-of-the-box templates
- Responsive design looks great on any device
- Social sharing features to drive more traffic

Navigating the Gallery Module

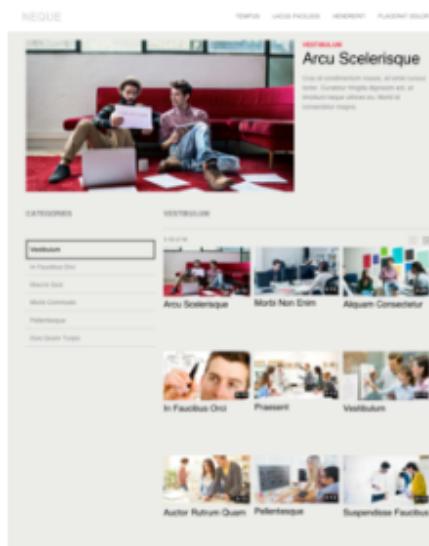

The screenshot shows the Brightcove VideoCloud interface. At the top, there's a navigation bar with links: HOME, UPLOAD, MEDIA, PLAYERS, ANALYTICS, LIVE, GALLERY (which is highlighted with an orange underline), and AUDIENCE. To the right of the navigation are links for SUPPORT, ADMIN, and a dropdown menu for 'BRIGHTCOVE LEA...' which is currently set to 'Bob Bailey'. A small 'Legacy Studio' link is also visible. Below the navigation bar, there are three tabs: My Sites (selected and underlined), Settings, and Reports.

My Sites

Review and refine your Brightcove Gallery video sites — or easily add a new one.

Before You Get Started

Before You Get Started

- We recommend doing a few things before you get started using Gallery:
 - Create dedicated player(s) for your Gallery sites
 - Organize your video content in the Media module
 - Determine which Gallery template to use

Creating a Dedicated Player(s)

- You can set a default player at the account level to be used by all sites or override the account level player and use a different player for each site
- Having a dedicated player makes it easier to track Gallery activity in analytics
- Determine player type to use
 - Brightcove Player - recommended
 - Smart Player

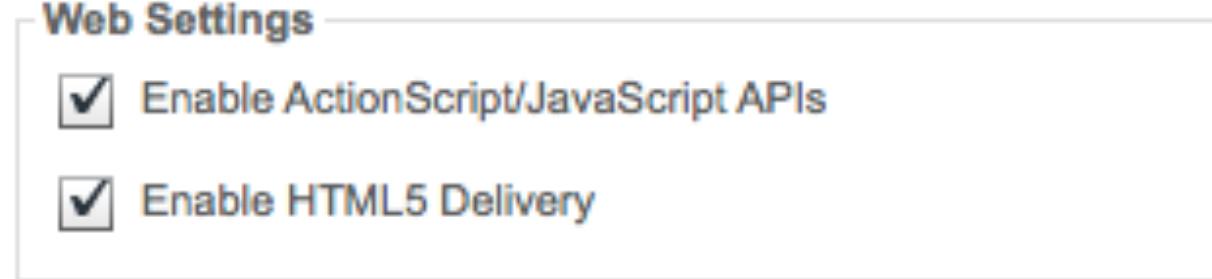

Using a Brightcove Player

- Created using Players module in New Studio
- No special player settings are required

Using a Smart Player

- Created using Publishing module in Legacy Studio
- Use a single video player template
- Enable these settings

Note: If these settings are not enabled, your player will not appear inside the Gallery module.

Organizing Your Video Content

- Videos on Gallery sites are organized into Collections
- Collections comprised of:
 - Playlists
 - Tags
 - Custom Fields
 - Search criteria
- Think about how your content will be organized on your site
 - Are your videos tagged properly?
 - How are the videos tagged?

Determining which Gallery template to use

- All Gallery sites are based upon a template
- Gallery provides a set of templates “out of the box”
- Templates control overall look and feel of the site
- Use the documentation and look at the samples

Overview of Brightcove Gallery Templates

This topic provides a reference to all of the Brightcove Gallery site templates that are available.

When you create a new site in Gallery, you will choose a site template which controls the overall look and feel of your site. The template chooser suggests the best template(s) to use based upon your site requirements.

Note: After you select a site template, the template cannot be changed.

The following site templates are available.

- » Mosaic
- » Classic
- » Marquee
- » Publisher
- » Tile
- » Salon
- » Discovery
- » Live Event
- » Showcase
- » Chronicle

Gallery Settings

Configuring Gallery Settings

- Gallery must be configured with your API read token and a default player

The screenshot shows the Brightcove VideoCloud interface. At the top, there's a navigation bar with links: HOME, UPLOAD, MEDIA, PLAYERS, ANALYTICS, LIVE, GALLERY (which is underlined in orange), and AUDIENCE. To the right of the navigation are links for SUPPORT, ADMIN, and a user profile for Bob Bailey. Below the navigation is a secondary navigation bar with links: My Sites, Settings (underlined in orange), and Reports.

The main content area is titled "API Keys". On the left, there's a sidebar with the following menu items: API Keys (selected), Players, Custom Domains & SSL, Access Control Profiles, Custom HTML, and User Preferences. The "API Keys" section contains a sub-section titled "API read token". It includes a note: "You can find your Video Cloud read token in [Account Settings](#). Read more about [Video Cloud media API tokens](#)." Below this note is a text input field containing the token: "3ZPsdyOZFqd1xenKHRVVhtiuAJJ307zBIFeZGPVsOqs.". At the bottom of this section is a teal "Save" button.

Configuring API Read Token

- Gallery requires your Video Cloud API read token so it can access the videos and playlists in your account
- To configure the API read token:
 - Click the account settings link or go to Account Settings > API Management
 - Copy the read token with URL Access

The screenshot shows the Brightcove Account Settings interface. The left sidebar has links for Publishing Settings, Distribution Settings, Analytics, Media Settings, Transcode Settings, Video Fields, and API Management (which is highlighted). The main area is titled 'Account Settings' and contains a 'API Management' section. This section has a table with three rows. The first row has a 'Token' value of 'Li3GNopkHi3yX2LHy92hxyEIoplct40LGyvtvCCumP4qiscou3KRMQ...', 'Type (?)' as 'read', and 'Options (?)' with a 'URL Access' checkbox checked (indicated by a red box and arrow). The second row has a 'Token' value of 'Li3GNopkHi0Cay1JjQnsi2j82GQb5zdtc57Ou2NgTiBzLEzCQW3zDQ...', 'Type (?)' as 'read', and 'Options (?)' with a 'URL Access' checkbox checked. The third row has a 'Token' value of 'Li3GNopkHi0Cay1JjQnsi2j82GQb5zdtWcrtax6mfoUhyqDd1v2y-A...', 'Type (?)' as 'write', and 'Options (?)' with a 'URL Access' checkbox unchecked. Below the table, a note says 'You are using 2 of 6 available'. At the bottom, a callout says 'API read token' and 'You can find your Video Cloud read token in your [account settings](#). Read more about Video Cloud media API tokens [here](#)'. A copyable token value 'Li3GNopkHi0Cay1JjQnsi2j82GQb5zdtc57Ou2NgTiBzLEzCQW3zDQ..' is shown in a box.

Note: Make sure you use the read token with URL Access.

Configuring the Account Wide Default Player

- Select an Account Wide Default Player
- This player will be used on all sites unless a site-level player is selected

The screenshot shows the Brightcove VideoCloud interface. At the top, there's a navigation bar with links for HOME, UPLOAD, MEDIA, PLAYERS, ANALYTICS, LIVE, GALLERY (which is highlighted), AUDIENCE, and RADIUS. To the right of the navigation are links for SUPPORT, ADMIN, and BRIGHTCOVE TRA... (with Bob Bailey listed). Below the navigation is a secondary navigation bar with links for My Sites, Settings (which is highlighted), and Reports.

The main content area is titled "Players". It displays a message: "Please select a player" and "Selected player: ★ Test Player". A list of players is shown in a table:

Player Name	Player ID
★ Test Player	0d24555e-42e9-4fb9-8284-2454e73cf8a
★ ad-track-methods-DO-NOT-DELETE 1.11.1	39c918e4-d35c-4d04-bec7-cad07f092740
★ Test Player	41gsCruOFI
★ Brightcove Overlay Player	41jQTXr6l
★ Test Player	41u1pJctg
▲ Sample Player	

At the bottom of the list, it says "★ - New Brightcove Player". There's a "Save" button at the very bottom left.

Custom Header and Footer

- Provides the ability to customize your Gallery site so it more closely matches the look and feel of your corporate sites
- Provide HTML to use for the header and/or footer

The screenshot shows the Brightcove VideoCloud interface. At the top, there's a navigation bar with links: HOME, UPLOAD, MEDIA, PLAYERS, ANALYTICS, LIVE, GALLERY (which is underlined in orange), AUDIENCE, and RADIUS. To the right of the navigation are links for SUPPORT, ADMIN, and BRIGHTCOVE TRA... (with a dropdown arrow). A green sidebar on the left lists options: API Keys, Players, Custom Domains & SSL, Access Control Profiles, Custom HTML (which is underlined in blue), and User Preferences. The main content area has a dark grey header with 'My Sites', 'Settings' (underlined in orange), and 'Reports'. Below this, the 'Custom HTML' section is titled 'Custom Header HTML' with the instruction 'Paste custom HTML below. Be sure to test your custom header when you preview your sites.' It features a large text input field. Below it is the 'Custom Footer HTML' section with the same instructions and a large text input field. At the bottom left is a teal 'Save' button.

Creating a New Site

Creating a New Site

- To create a new site, click **Create a Site**

The screenshot shows the Brightcove VideoCloud interface with the 'GALLERY' tab selected in the top navigation bar. Below it, the 'My Sites' tab is active. A green button labeled 'Create a Site' is visible on the right. The main area displays four video sites:

- Animal World June 2015**: Published on 6/11/15 at 3:08 PM. Preview and Edit buttons are available.
- Animal World Video Portal**: Published on 6/11/15 at 3:01 PM. Preview and Edit buttons are available.
- Animal World Videos**: Published on 1/15/15 at 2:52 PM. Preview and Edit buttons are available.
- Brightcove Training Videos**: Published on 5/30/14 at 2:58 PM. Modified on 1/13/15 at 4:04 PM. This site provides a series of online training videos that cover various topics on Brightcove.

Creating a New Site

- Select a template

Choose Your Template

The best content deserves the best presentation, and with Brightcove Gallery, it's all within reach. Choose from our expressive, out-of-the-box templates, combined with our suite of custom styling options, to seamlessly match your brand and get your content front and center, optimized for every screen and mobile device—no technical expertise required.

Filter by feature: [No filter](#)

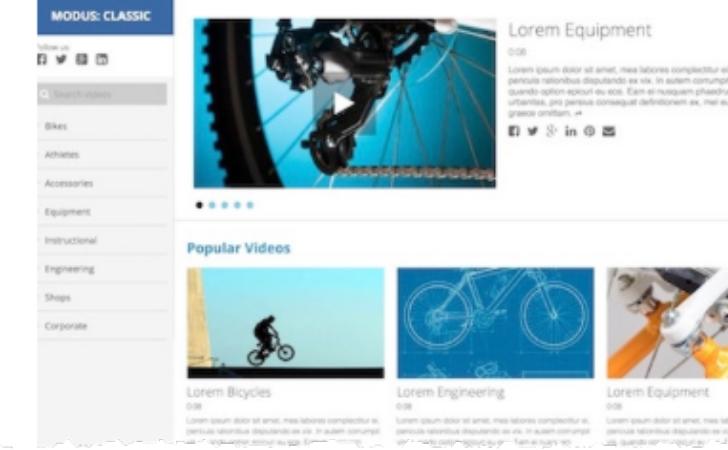

Mosaic

- Suitable for up to 200 videos
- Video Collage browsing experience

Gallery Site Editor

- Used to add videos and customize the site

The screenshot displays the Brightcove Gallery Site Editor interface. At the top, there's a header section with a "Banner CTA/Ad" placeholder labeled "(none)". Below it is a "SITE NAME OR LOGO" field with a "ADD LINK" button. The main content area features a large central placeholder for videos, with a message "No videos to display" and a "Add Videos" button. To the right is a "Video Grid CTA/Ad" placeholder labeled "(none)". At the bottom, there's a "Footer CTA/Ad" placeholder labeled "(none)". The footer itself is dark with white text, containing a "[YOUR BRAND]" logo, three "PLACEHOLDER" fields with "LINK" buttons, and a "CONTACT" section with a "Text" input field and copyright information: "© [Your Brand] All Rights Reserved".

Adding Objects to Pages

Page Navigation

- Based upon the template that is selected, a set of pages templates will be available
- Click on the page thumbnail to view/edit the page contents

Editing the Player Layout

- Some page templates provide the ability to change the player layout
- Click **Change Layout** and select a new layout

Editing the Page Content

- Placeholders on the page indicate where images/text can be added 
- To add content, click a placeholder

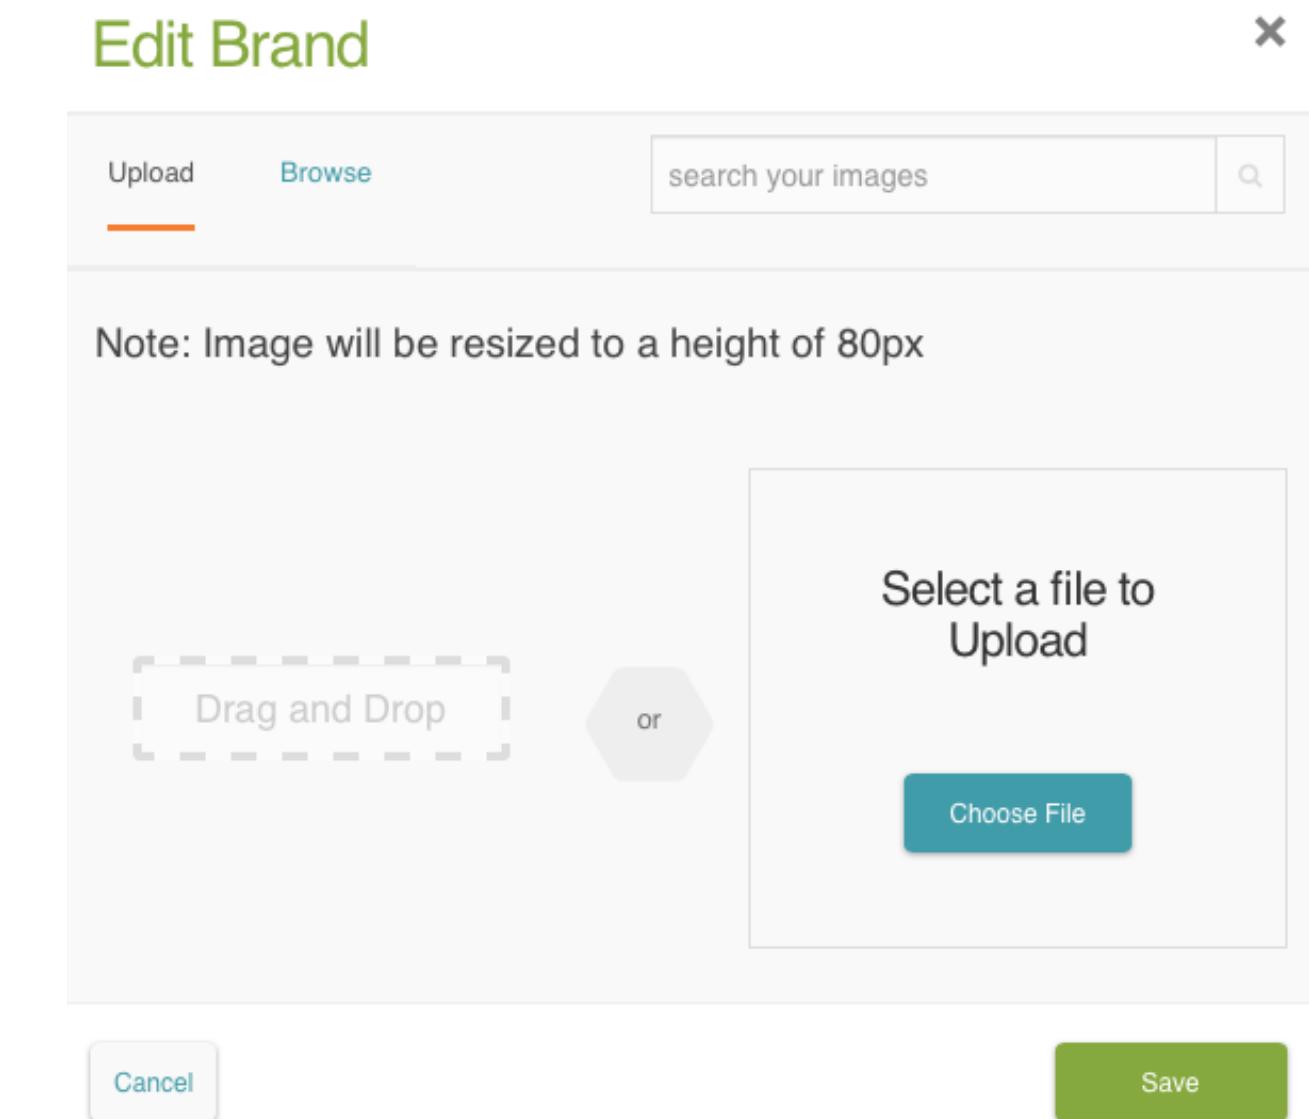

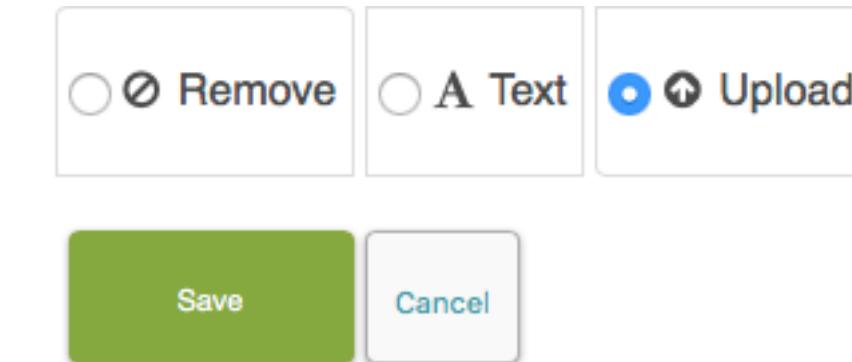

The screenshot shows a page editor interface with several content sections:

- Banner CTA/Ad**: Placeholder labeled "(none)".
- SITE NAME OR LOGO**: Placeholder with a pencil icon.
- +ADD LINK**: Button to add a link.
- No videos to display**: Placeholder for videos, with a "+Add Videos" button.
- Video Grid CTA/Ad**: Placeholder labeled "(none)".
- Footer CTA/Ad**: Placeholder labeled "(none)".
- [YOUR BRAND]**: Placeholder with a pencil icon.
- PLACEHOLDER**: Three empty placeholder slots labeled "LINK".
- CONTACT**: Placeholder with a pencil icon.
- Text**: Placeholder with a pencil icon.
- © [Your Brand] All Rights Reserved**: Copyright notice.

Adding an Image

- Click a placeholder
- Select **Upload** and then **Save** to add image placeholder
- Click **+Add Photo** link to browse and select an image

Adding Text

- Changes made to the page will appear real-time

The screenshot shows the Brightcove VideoCloud interface. At the top, there's a navigation bar with links: HOME, UPLOAD, MEDIA, PLAYERS, ANALYTICS, LIVE, GALLERY (which is underlined in orange), and AUDIENCE. To the right of the navigation are icons for notifications and support, followed by "SUPER". On the left, a sidebar menu is open, showing "Animal World Videos" and "site-230367.bcvp0rtal.com". Below that is a "Pages" section with a thumbnail for "Home". The main content area displays a video player with the title "Animal World Video Showcase" and a "Banner CTA/Ad" section below it. The banner text "(none)" has a pencil icon next to it, indicating it can be edited.

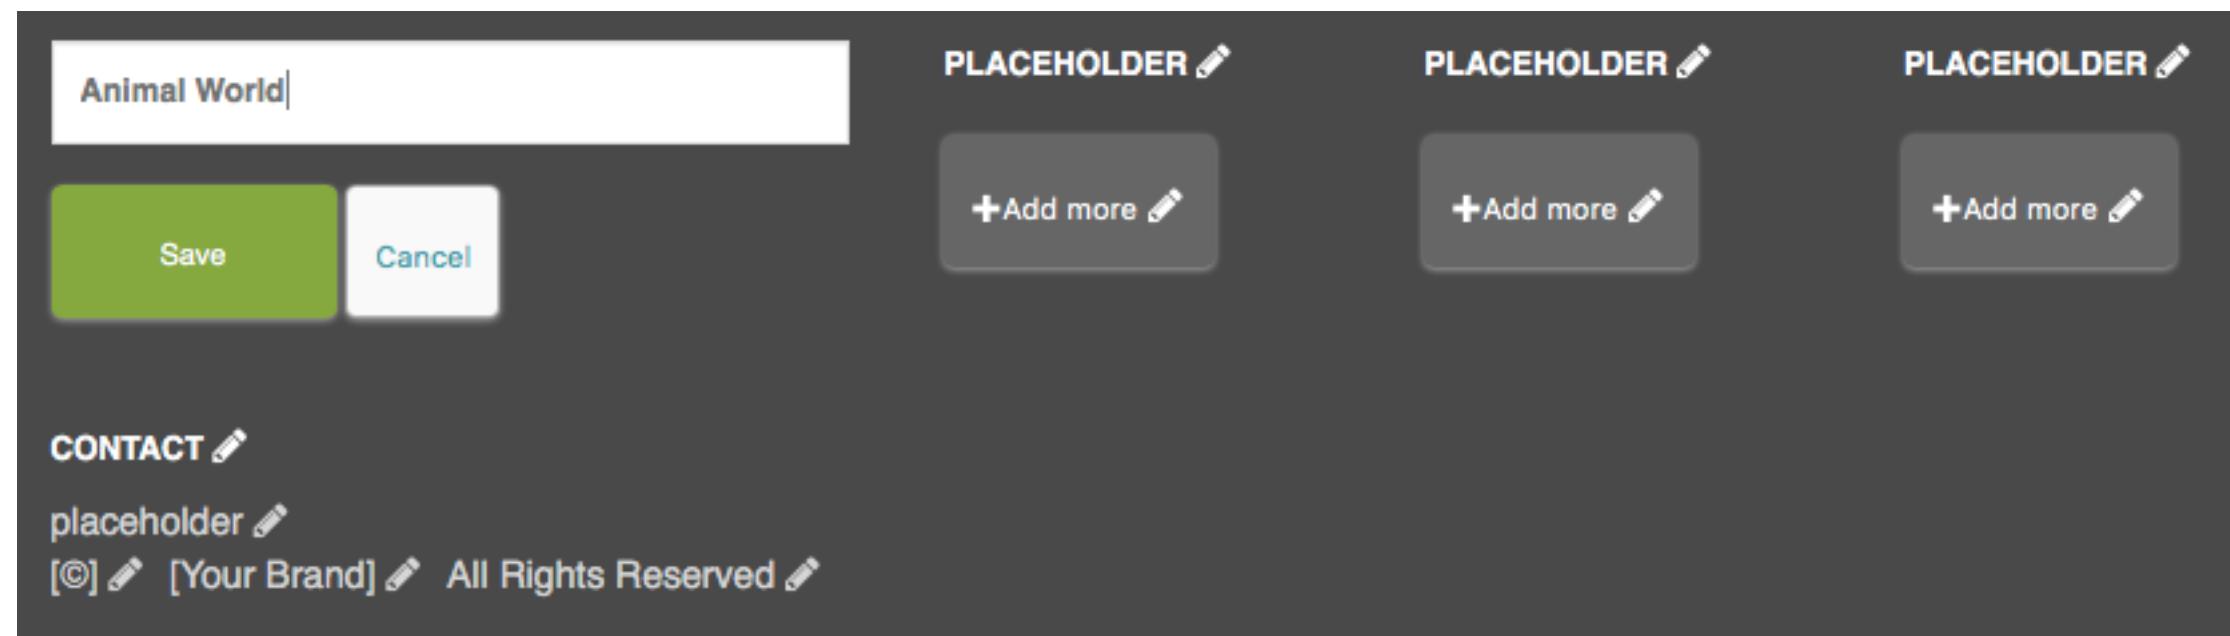

Adding Text

- Click a text placeholder

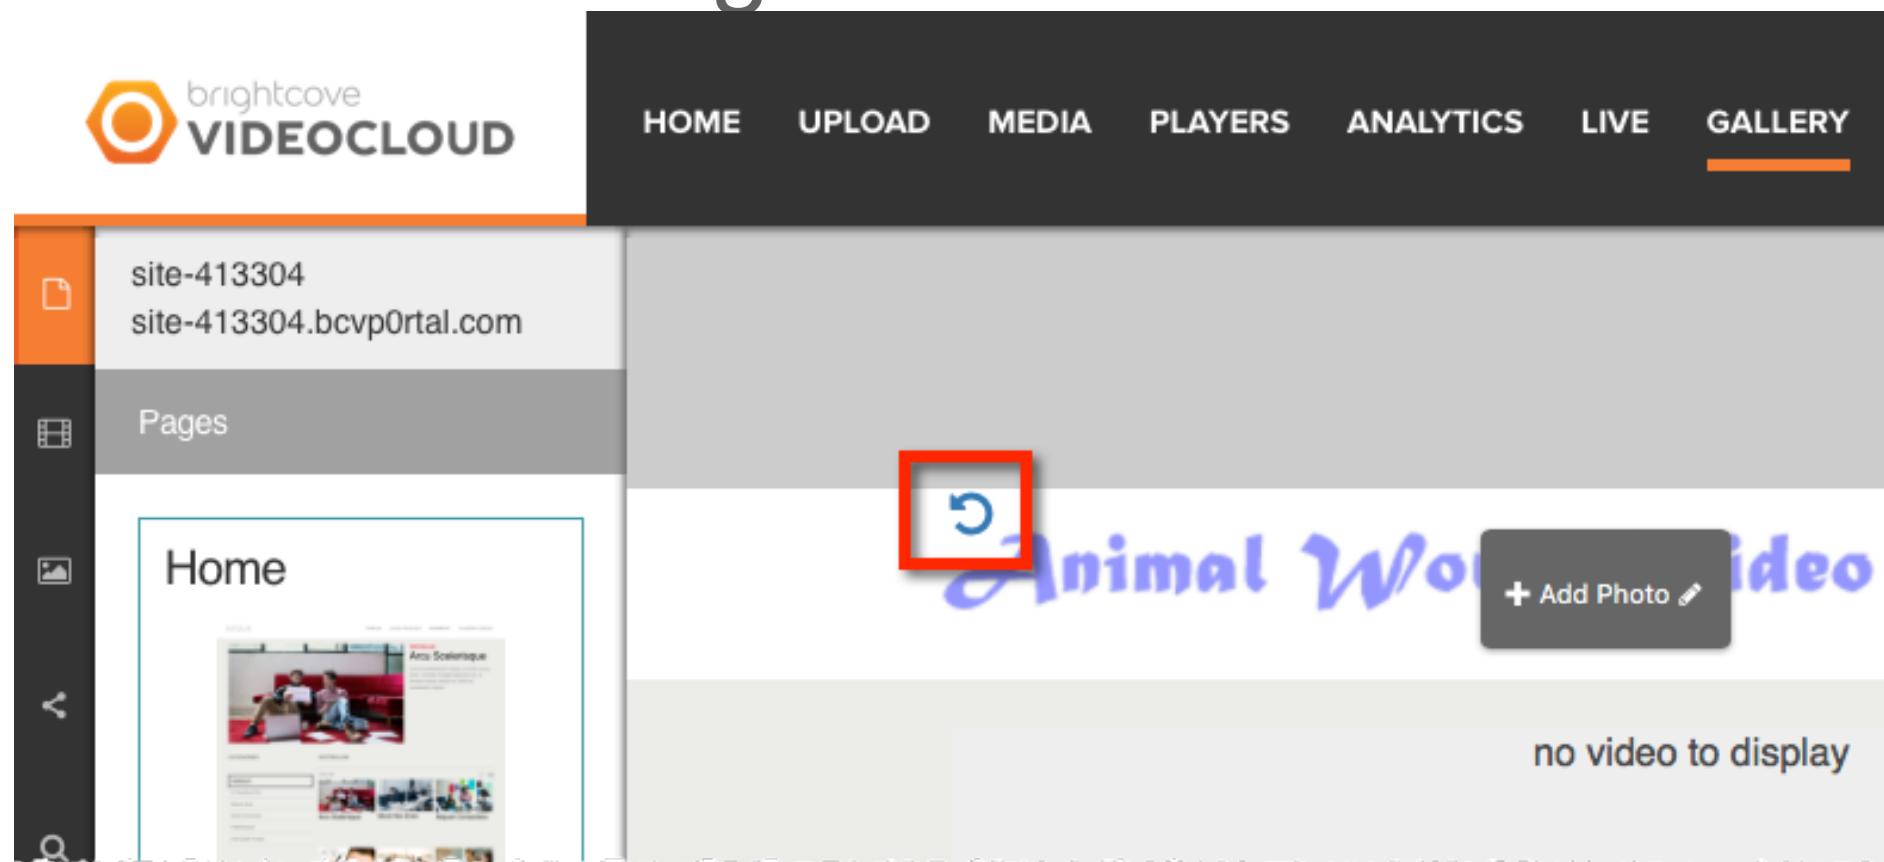

- Enter the text

Deleting Objects

- Click chasing arrows to remove an image

- Clear text and then Save

Adding Video to a Site

Adding Video to a Site

- Click the **Videos** icon
- Click **Manage Videos**
- Videos are organized into collections

Creating a Collection

- Click **Add New Collection**
- Enter name for the collection
- Click **Assign** to assign videos to the collection

Video Collections Create and edit the video collections you want featured on your site. ×

Drag and drop collections to change the order

Edit Add New Collection

Gallery optimizes the URLs for SEO based on collection and video names. Invalid special characters will be replaced by dashes in the URL.

Additional Training Courses

- Brightcove.com > Services > Training

The screenshot shows the Brightcove website's training section. At the top, there's a navigation bar with links for Solutions, Products, Customers, Services (which is the active tab), Partners, Company, and Blogs. There's also a search bar and a 'Contact Us' button. Below the navigation, the word 'Training' is prominently displayed. To the right of the main content area, there's a sidebar titled 'Overview' containing links to Video Cloud Essentials, Video Cloud Analytics Essentials, Gallery Essentials, and Developing with the Brightcove Player. The main content area starts with a paragraph about no-cost, instructor-led online training. It then lists 'On-Demand Training' courses: Video Cloud Essentials, Video Cloud Analytics, Gallery Essentials, and Developing with the Brightcove Player. Following this is the 'Instructor-led Training' section, which includes a note about selecting a class and date, and a link to 'Register'. A specific course, 'Video Cloud Essentials', is highlighted with a description and a registration form. The registration form includes a dropdown for date and time ('Tue, May 3, 2016 10:00 AM - 11:00 AM EDT') and a large red 'REGISTER' button.

As part of Brightcove's commitment to helping you succeed with online video, we provide no-cost, instructor-led, online training. We offer a variety of online classes led by expert instructors all available from the convenience of your desktop.

On-site training is also available. For more information, contact your account manager.

On-Demand Training

The following courses are offered "on-demand" so that you can get trained on your own schedule:

- Video Cloud Essentials
- Video Cloud Analytics
- Gallery Essentials
- Developing with the Brightcove Player

Instructor-led Training

Our instructor-led training courses are listed below. Select the class and date you would like to attend and then click **Register**. If you have any specific questions regarding training, feel free to [contact us](#). Note that all training courses are delivered in English.

- support.brightcove.com

The screenshot shows the Brightcove Support website interface. At the top, there's a navigation bar with links for Support, GALLERY, Documentation, Training Videos, Product Updates, and a search bar labeled "Have a question?". Below the navigation is a sidebar titled "BROWSE TOPICS" with links to Getting Started, Configuration, Creating a Site, Previewing & Publishing, and General Information. It also features a "LATEST PRODUCT UPDATE" section for version 16.6, released on Jun 11, 2016. The main content area is titled "Gallery Support" and includes two sections: "FEATURED" and "RECENT". The "FEATURED" section lists five articles: "Creating a Brightcove Gallery Site", "Getting Started with Brightcove Gallery", "Quick Start: Using Brightcove Gallery to Create a Video Expe...", "Overview of Brightcove Gallery Templates", and "Managing the Videos Associated with a Gallery Site". The "RECENT" section lists six articles: "Quick Start: Using Brightcove Gallery to Create a Video Expe...", "Customizing the Site Settings for a Brightcove Gallery Site", "Configuring Gallery Settings", "Assigning a Custom Domain to a Gallery Site", "Configuring Custom Domains and SSL", and "Configuring Access Control Profiles".
